

Construction and Engineering

As the cost and complexity of construction continue to dramatically increase, success depends on strategic advice that supports our clients' plans and mitigates risk.

The successful completion of any construction project depends on the quality of the project documents and ensuring that the project is delivered to the required standard, on budget and on time. We are experienced in all sectors of the construction and engineering industry including energy, infrastructure and development. We advise on all manner of procurement methods, from commercial developments to major international, domestic, civil and process engineering and energy projects.

We assist clients in analysing the risk profile of their projects and selecting the best type of delivery method for the project. After selection of the desired construction method, we assist clients in negotiating the contracts.

Disputes are a fact of life in the construction and engineering industry and we help clients avoid them by advising on potential issues at the earliest stages of projects. If a dispute does arise, we have skilled construction lawyers who can manage all of the litigation, arbitration, adjudication and alternative dispute resolution processes.

Find out more about our contentious capabilities.

CAPABILITIES

Contracts and advisory

Well-crafted contracts are key to legal risk management, minimizing the likelihood of disputes arising later in the project. Our contracts advisory service covers all aspects of contract drafting and negotiation, transaction due diligence and risk analysis and management. We have experience in the contracts used across all sectors including all the major standard forms of contract (including JCT, NEC, ICE, FIDIC and IChemE), adapting these to our clients' specific needs – controlling risk while maximizing profit.

Procurement

Procurement, tendering and competition procedures are vital components of construction and engineering projects. We assist clients in a wide range of sectors on the procurement, drafting, negotiation and management of alliancing and partnering arrangements and frameworks.

Litigation and alternative dispute resolution

Disputes frequently arise in the construction industry. When our clients face a dispute situation that cannot be avoided, we help them develop the appropriate course of action. We advise and explore the wide range of alternative dispute resolution (ADR) methods with our clients before litigation becomes necessary. ADR is a cost-effective method of avoiding protracted and costly litigation proceedings, and many countries require parties to attempt ADR or mediation before taking a dispute to court. Should litigation be the only course of action, we guide our clients through the process.

International arbitration

International arbitrations are often the preferred route for large, complex, cross-border construction disputes and we are familiar with all of the major institutions including the ICC, AAA and LCIA and in conducting UNCITRAL arbitrations. Using our extensive international network we work seamlessly with other jurisdictions and overcome barriers such as the need to work in two or more languages.

Adjudication

Adjudication is a legally binding tribunal process. It is a fast, 28-day form of dispute resolution, but also one where both sides will incur legal and expert witness fees. There is also only one opportunity to present your case to the tribunal, with no opportunity to appeal decisions. Our contentious construction team includes lawyers with extensive experience of adjudication who can advise whether this is the right option for you, and navigate you through the complexities and nuance of the adjudication process.

EXPERIENCE

- One of the principal legal advisers for the Olympic Delivery Authority for the London 2012 Olympic Games and Paralympic Games, including procurement and construction advice on the numerous venues and many of the infrastructure and transport projects undertaken on and around the Olympic Park.
- Advising Leonhard Nilsen & Sønner AS, one of Norway's largest construction companies, in a final settlement dispute against The Royal Norwegian Ministry of Transportation and Communications in respect of outstanding claims for tunnel and road construction contract work.
- Advising Jack Hills Iron Ore Mine, Western Australia on an iron ore mine expansion in Western Australia, in relation to the contracting and procurement strategy and drafting the EPCM Contract, mining contract and preparation of a suite of standard construction and procurement contracts.
- Advising Standard Bank of South Africa on the Nungua desalination plant in Ghana, the first desalination plant in western Africa.
- Advising Petroleo Brasileiro SA (Petrobras) on four large offshore oil field development projects in Angola.
- Acting for BP as the operator on the US\$4 billion Tangguh LNG project, including drafting and negotiating the EPC contract for the liquefaction plant and also for the two platforms and pipelines.
- Advising on the financing of the development, construction and operation of two port terminals on the Orinoco River, Venezuela.
- Advising two National Football League franchises in connection with the construction of their new football stadiums, including defense of two multimillion-dollar claims, negotiation of a complex closeout agreement and pursuit of substantial design claims.
- Advising both contractors and owners in connection with several renewable energy and power related projects.
- Advising contractors and owners in connection with several significant airport projects in multiple countries.

international arbitration, sales of goods, shipping and shipbuilding contracts.

Dramatic change ahead for the Ontario construction industry

5 SEP 2017

It is widely anticipated that the second reading of Bill 142, also known as the *Act to amend the Construction Lien Act*, will take place this fall. If implemented, Bill 142 will represent the most significant legislative reform seen in the Ontario construction industry since 1983, when the existing *Construction Lien Act* came into force.
