Top 5 Internet of Things predictions for 2018

7 FEB 2018

What will change in 2018? What should companies do to exploit it? What new legal issues will arise and how shall they be navigated? Below are the personal top 5 predictions on the legal issues that will affect the Internet of Things (IoT) in 2018.

Are banks ready for the Internet of Things revolution?

16 OCT 2017

In the second of our two part series, DLA Piper's lawyers consider how the Internet of Things will lead to new legal issues.

Are banks ready for the Internet of Things revolution?

13 OCT 2017

In the first of a two part series, DLA Piper's lawyers consider whether banks are ready for the Internet of Things revolution and how related developments are set to alter business models in the financial services sector.

Blockchain - a revolution for the insurance sector with some risks

9 MAR 2017

Blockchain is "the most important invention since the Internet itself" according to Marc Andreessen. And there is no doubt that there are huge potentials for the insurance sector to exploit such technology, but as any new technology, it will also lead to new legal risks.
