Stefanie J. Fogel is Co-Chair of DLA Piper's Food and Beverage sector, focusing her practice on multi-national food and consumer product regulation and compliance, food and consumer product recall response, corporate compliance, and commercial, class action and multi-plaintiff litigation. She represents national and international manufacturers of foods and dietary supplements, retail clothing, manufacturing equipment, chemical products, bio-technology detection devices and a variety of consumer products. Stefanie serves as a national and international advisor to these clients in the area of product safety, cross-border distribution and enforcement, crisis management response, and industry trends.

She has extensive experience advising on FDA, USDA, TTB, and CPSC related regulations, including label compliance, claims risk assessment, import and export issues, FSMA, and supply chain management. She is also a seasoned trial lawyer and has represented clients both locally and as national coordinating counsel in toxic torts, consumer fraud, mislabeling and misuse and product liability matters, against individual, multi-district, and class action claims. She has also developed a global multidisciplinary crisis management team to quickly and effectively address issues arising out of recalls, contamination, natural disasters, equipment failure, and environmental leaks and spills.

Stefanie has lectured across the country on subjects relating to food regulatory, litigation and compliance matters, supply chain risk and management, food safety, information management, and in-house and expert witness preparation, as well as civil practice litigation issues. She is well-versed in food and dietary supplement industry trends and has experience necessary to navigate the complex and nuanced food regulatory arena.

Stefanie also concentrates on data strategy, data privacy, and data security process management, records and information management (RIM), and data privacy. She has developed protocols for the implementation of national and international document retention schedules, records management programs, e-discovery strategic plans, and ISO auditing for a variety of industries. She also works with global companies in a variety of industries to develop data strategies integral to new product development.
