Kevin Glenn has 35 years of experience in cross-border tax matters, including a particular focus on post-integration planning. He advises on the taxation of cross-border transactions with a view to assisting multinational corporations and investors in achieving their effective tax rate and cash tax planning objectives.

RELATED SERVICES

- Tax

In doing so, Kevin relies on his extensive experience in the design and implementation of tax-efficient value chain and transfer pricing planning, including those relating to intellectual property deployment; tax-efficient cross-border financing structures; cash repatriation planning; foreign tax credit planning (including expense allocation and apportionment planning and foreign source income planning); GILTI and FDII benefit enhancement planning; BEAT mitigation strategy development and planning; and tax efficient cross-border acquisition and disposition planning.

Kevin also represents clients in controversy matters and acts as an expert witness in cross-border tax matters.

Kevin led the International Tax practice at KPMG from 2004-2009 and was a Deputy PIC for Washington National Tax from 2005-2008.
