#### EXPERIENCE

---

Paula advises several pharmaceutical and sanitary product companies on a regular basis with regards to regulatory law as well as reviewing and negotiating contracts related to clinical trials, studies and clinical investigations. Similarly, she has vast experience in advising clients on contractual law and especially with regards to negotiating and drafting agency and distribution contracts.

Paula has worked with numerous international operators of online gambling in obtaining administrative licenses necessary to operate online gambling regulated in Spain. Similarly, she has provided regulatory advice to these companies on a recurring basis.

She has assisted international clients in complying with the demanding data protection regulation in Spain, carrying out data protection audits, drafting security documents and implementing international policies of privacy and data protection.

Paula advises multinationals on anti-piracy and unfair competition matters. She has also advised clients on strategies focused on avoiding possible conflicts and responsibilities related to trademarks, copyright and other intellectual property rights.

In addition, she has significant experience in advising multinationals on electronic contracting and the potential civil and criminal liability that could arise from web site content and e-mails, as well as in relation to the development of internet/e-mail policies and compliance with the strict provisions of Spanish privacy law.

Furthermore, she has advised Spanish entities in the theft of client database and public disclosure thereof, theft of identity, wrong transfer of data to undue addressees, banking sector-related cyber incidents and life sciences related incidents.

#### European Commission proposes one-year postponement of MDR application date

8 April 2020

Following an informal heads-up on 25 March 2020, today the European Commission adopted a proposed regulation to postpone by one year the date of application of the Medical Devices Regulation (Regulation (EU) 2017/745, “MDR”). If enacted, the Medical Device Directive (Directive 93/42/EEC) and implementing legislation of the EU member states will continue to apply as far as they have not yet been amended.

- Country correspondent for The International Company & Commercial Law Review and Computer Law Review International
- Paula regularly participates and writes many articles for important newspapers and legal magazines in Spain. Some of the most relevant examples are from the gambling and life sciences sectors: “Operadores de juego online aceleran su mudanza desde otros países a Ceuta y Melilla” and “las zonas oscuras de la telemedicina”.
