

Intellectual Property and Technology

DLA Piper is one of the most widely recognized providers of a full range of commercial, intellectual property law, privacy, sourcing and technology law services for leading businesses worldwide.

Our lawyers provide both litigation-related (contentious) and strategic commercial advice to a wide range of industry sectors, helping clients from emerging technology and pharmaceutical companies to established banks and financial institutions achieve their objectives wherever they do business.

Our IPT practice encompasses nearly 500 dedicated lawyers in more than 24 countries, with particular strength in key global markets. Intellectual property and technology law is at the core of any major business transaction or strategic dispute and has become one of the most critical legal areas as companies continue to expand and protect their technologies, brands, products, data and services around the globe.

Our group is recognized worldwide by legal directories and industry members as one of the leading groups of its kind, seamlessly combining multi-jurisdictional reach with local knowledge and experience.

California may limit application of securities laws to tokens, French court says bitcoins are fungible assets – plus latest legal, regulatory and case law developments.

Quaran-streaming: Music licensing and your online business

15 MAY 2020

The COVID-19 pandemic has caused an unprecedented need for businesses to get creative in order to continue generating revenue while their physical premises are temporarily closed. Certain businesses which have traditionally been based entirely on in-person attendance, such as fitness studios, have been among those experiencing the most pressure to pivot their business models. With many businesses that feature music as a key part of their service now offering virtual classes, seminars, or shows, the question arises — how can businesses move their services online and stay onside of copyright law?

COVID-19: Using technology to address compliance

13 May 2020

How can compliance routines be improved in a time of social distancing via technology?

Coronavirus: the federal government is working quickly to fund the efforts of small business to recover from the global crisis: electronic signatures are permitted

13 May 2020

Electronic signatures are permitted as part of the Paycheck Protection Program and Main Street Lending Program.

Facial recognition technology: Supporting a sustainable lockdown exit strategy?

8 May 2020

Technology has played a dominant role during the lockdown and will be a key aspect of ensuring the transition back to normality is successful. This article discusses recent trends, particularly in Ireland, Denmark and China, regarding the adoption of facial recognition technology (FRT) as a result of the COVID-19 pandemic.

Coronavirus: Cancellation of consumer contracts and consumer law enforcement in the UK during the pandemic

6 May 2020

While various COVID-19-related special measures have already been announced by the UK government to alleviate the impact on businesses, is there anything special for businesses dealing with consumers who did not receive or use what they paid for because of coronavirus-related restrictions?

Commercial Contracts in France: Analysis in a Crisis

5 May 2020

In the flowchart we provide considerations for analyzing commercial contracts in the context of the COVID-19 pandemic and other potential crisis scenarios, through a logical process flow of legal, operational and commercial factors that can serve as a practical checklist.

Paradigm Change in Germany’s Foreign Direct Investments (FDI) Law

14 April 2020

Germany’s FDI rules so far had a reputation of not being very strong. In the past few years, only three transactions have been

prohibited. This is set to change under a new bill.

Episode 12: More obligations on Chinese mobile app operators to comply with

9 April 2020

NAVIGATING CHINA: THE DIGITAL JOURNEY

Following the crackdown by Chinese authorities against non-compliant mobile apps in late 2019 (please see Episode 8 in this series), the authorities have issued a series of app compliance guidelines (including the Guide to Self-Assess Illegal Collection and Use of Personal Information by Apps, Methods for Identifying Unlawful Acts of Apps to Collect and Use Personal Information, and Draft Specification for Collecting Personal Information in Mobile Applications). These guidelines imposed detailed obligations and practical actions to urge mobile app operators to conduct self-assessments and to rectify any non-compliant data processing practices. Organisations may have noted that some of these guidelines contain conflicting requirements.

COVID-19: Agile working across Europe - new arrangements come with increased cyber security risk

7 April 2020

The COVID-19 pandemic has given organisations no option other than to rollout home-working IT solutions if they want to continue operating. With the rollout of these remote working solutions, at such scale and with such haste, there is a risk with respect to the security of data which must be accessed by a now dispersed workforce.

Contract analysis in a crisis: flowcharts

7 April 2020

Flowcharts providing considerations for analyzing commercial contracts in the context of the COVID-19 pandemic through a logical process flow that can serve as a practical checklist.

A balance between the government, the private sector and the needs of the people: Invocation of rarely used provisions to ensure public safety during the COVID-19 pandemic

6 April 2020

The Defense Production Act, compulsory licensing and march-in rights are means for authorizing the government to step in and assert rights against private companies.

Coronavirus COVID-19 - IPT Q&A: France

6 April 2020

This Q&A relates to France IPT matters, such as termination right due to force majeure, data privacy, remote work and privacy issues, outsourcing arrangements, business continuity and disaster recovery provisions, suppliers fixed costs, supply chain relationships, impact on RFP processes, and more.

The CARES Act and USPTO patent practitioner deadlines

6 April 2020

While the USPTO remains open for filing of documents and fees, Director Iancu announced that parties may be eligible for extensions of certain deadlines if their inability to meet a current deadline is due to the COVID-19 pandemic.

COVID-19: Impact on Canadian patent owners

3 APR 2020

Canadian patentees should be aware of recent amendments to the *Patent Act* in light of the COVID-19 health emergency. Most current medical technology is protected by patents. However, during emergencies, patent rights must take a back seat to the manufacture and distribution of essential equipment – ventilators, masks, valves, etc. Bill C-13, dubbed the *Covid-19 Emergency Response Act*, received royal assent on March 25, 2020, and covers, among other things, amendments to Canada's *Patent Act* to authorize the use of patented inventions necessary to respond to a public health emergency of national concern.

Coronavirus: 10 tips for contract triage

3 April 2020

The need for contract triage to manage the impact of COVID-19 is inescapable. It can seem a daunting task - knowing where to start, when there is a bewildering amount of considerations, isn't easy. It's further complicated because what to consider in respect of existing contracts isn't always the same as what to consider in respect of new (or re-negotiated) contracts.

Important updates for British Columbia Public Bodies amidst COVID-19 (Canada)

1 APR 2020

In light of the current and developing COVID-19 circumstances, the following alerts have been released for British Columbia Public Bodies, subject to the Freedom of Information Legislation. One order permits public bodies to use and disclose personal information using tools and cloud services outside of Canada in certain circumstances. Another extends the time for freedom of information responses. Last, organizations are asked to remain vigilant for cyber crime.

Are you ready for CCPA class action litigation?

DLA Piper GDPR Data Breach Survey 2020

20 January 2020

According to DLA Piper's latest GDPR Data Breach Survey, data protection regulators have imposed EUR114 million (approximately USD126 million / GBP97 million) in fines under the GDPR regime for a wide range of GDPR infringements, not just for data breaches.

France, Germany and Austria top the rankings for the total value of GDPR fines imposed with just over EUR51 million, EUR24.5 million and EUR18 million respectively. The Netherlands, Germany and the UK topped the table for the number of data breaches notified to regulators with 40,647, 37,636 and 22,181 notifications each.

Taxation of cryptocurrency: reporting charitable contributions in the US and new developments in the UK

16 January 2020

Charities that accept donations of cryptocurrency face a number of administrative challenges; plus new guidance from HMRC.

Top of Mind: Life Sciences

16 January 2020

Eight big topics that life sciences businesses have been thinking about and how DLA Piper has been covering those stories.

Episode 9: 2020 - Privacy, Security and Content Regulation to Increase in China

10 January 2020

[NAVIGATING CHINA: THE DIGITAL JOURNEY](#)

China's authorities have published a much-anticipated brand new directive on internet content regulation and governance, which will come into force on 1 March 2020. This law will require organizations which host websites in China to make fundamental changes to their website governance frameworks.

The almost free US-Japan Trade Agreement is now in effect

9 January 2020

This trade agreement reduces or eliminates US customs duties on numerous goods.

Commerce imposes export licensing requirement on geospatial imagery software

8 January 2020

Companies that produce, design, test, manufacture, fabricate, or develop a software described in the new controls may now be

operating within the category of "critical technologies" as defined in CFIUS regulations.

Germany's push towards Healthcare 4.0 – A guide to the new fast-track pathway to reimbursement for digital health apps

6 January 2020

The Internet of Medical Things (IoMT) continues to be one of the hottest topics in the global life sciences and healthcare industry. The new German Digital Healthcare Act (*DHA – Digitale-Versorgung-Gesetz/DVG*) entered into force on December 19, 2019. This legislation massively pushes Germany towards Healthcare 4.0 and may usher in an era of great opportunities: not only for traditional players in the life sciences and healthcare market, but also for newcomers to this sector, including tech giants, tech startups and data-driven enterprises.

CCPA Rescue Kit arrives amid new privacy law change

Triple Point Technology v PTT Public Company Ltd [2019] EWCA Civ 230

16 December 2019

This case illustrates how carefully liquidated damages clauses need to be drafted. The Court of Appeal found that a particular liquidated damages clause for delay did not apply to an abandoned IT project (abandonment being a different scenario than late completion). It also commented that, where delay liquidated damages do apply, it is possible for them to continue to accrue after contract termination until a replacement supplier completes the work. The case is also a reminder to consider whether liquidated damages operated within, or outside of, the general liability cap.

Congressional hearing to focus on facial recognition and national security

12 December 2019

[AI OUTLOOK](#)
