Emil Ödling has a particular focus on copyright, media, television, sport, film and sport. Emil has a background in the music industry and has extensive experience of media and entertainment law matters primarily within the music, television and film sectors. He works with developers, producers and distributors on projects such as digital delivery platforms, social media and e-business; production and publishing of books, video games, music and magazines including sponsoring matters.

Emil also works with employment law and regularly advises on projects such as reorganizations, merger and acquisitions and contracts with company executives. In addition to his law degree, he also holds a master's degree in English.
