

## Oil and Gas

For nearly 30 years, our oil and gas team has been engaged in every aspect of the industry working across the upstream, midstream and downstream sectors. Our oil and gas practice has advised international oil companies, governments, sponsors and lenders on a broad range of matters including acquisitions and disposals, farm-ins and farm-outs, joint ventures and JOAs, financings (on a limited recourse, reserve-based or other secured/structured basis), sale and supply arrangements, storage, trading, transportation, fracking and LNG, in locations that include Africa, the Middle East, Asia Pacific, Russia, Central and Eastern Europe, and the Baltic. Our Practice continues to grow and we are involved in many of the major energy projects currently undertaken worldwide.

We work closely with our network of DLA Piper relationship firms in major jurisdictions in Africa and have a growing presence in the Latin America market.
