

## Projects, Energy and Infrastructure

DLA Piper's Projects, Energy and Infrastructure team has a track record of successfully delivering first-rate legal services in all segments of the infrastructure and energy industries. We advise on energy law, infrastructure finance, transport matters and more.

Our lawyers understand the commercial, strategic, technical, geographical and political factors that shape and impact these industries, as well as the business issues and risks inherent when working in these sectors. Our market leading presence also allows us first-hand access to contacts, sponsors and key decision makers worldwide.

### CAPABILITES

---

The group represents sponsors, contractors, multilateral institutions, corporations, developers, equity investors, financial institutions, governments, utilities and regulatory bodies in the procurement, development, financing, acquisition, construction and operation of a wide range of complex infrastructure and energy projects on nearly every continent.

These projects include:

- Power generation from natural gas, coal, petroleum and, renewables
- Pipelines
- Drilling platforms
- Transmission networks
- Mining facilities
- Defence and security projects
- Waste projects and resource recovery facilities
- Telecommunications networks
- Vessels
- Ports
- Airports
- Highways, toll roads and bridges
- Transportation systems including airports, heavy rail, light rail and bus
- Water supply and waste water systems
