

Real Estate

Real estate has emerged as an attractive long-term investment for investors seeking diversification and stable yields in an uncertain economy. As a sector, real estate must both compete with other investment classes and offer a desirable product to end-users whether they are buying or leasing. In addition, many traditional real estate investors are looking to acquire portfolios that transcend borders resulting in the emergence of a global real estate industry.

DLA Piper's global team of 500 lawyers devoted to the real estate sector assists clients throughout the entire life cycle of their investments, wherever in the world the business takes them. We understand the business of real estate, and that understanding is fundamental to our reputation as multidisciplinary deal facilitators.

We offer a full range of real estate services in areas including financing, fund formation, acquisitions and disposals, tax efficiency, land use, environmental law, planning and development, construction and leasing. Our clients benefit from our significant experience in orchestrating high value, long-term projects that involve complex structuring, facilitating negotiations, ensuring tax efficiency, navigating legal and regulatory issues and, when necessary, litigating on their behalf.
