## **Global law firm with offices in more than 40 countries**

DLA Piper Denmark is one of the largest law firms in Denmark and is the only Danish law firm in a global network. This

enables us always to provide a strong team and perform cross-border services and to draw on the knowledge and insight of our 4500 fellow lawyers throughout the world.

We are a full-service law firm providing top quality legal services to the corporate and public sectors. Our clients span private enterprises of all sizes as well as public authorities at local, regional, and national levels and publicly owned enterprises.

The first and only Nordic law firm

In Denmark, we are 400 staff members in our offices, which are situated in the hearts of Copenhagen and Aarhus. Our vision is to be a leading global law firm by delivering quality and value to our clients to help them succeed.

### **Part of the Nordics**

We are the only global law firm with a pan-Nordic presence. The cooperative relations between the DLA Piper offices in Denmark, Sweden, Norway, and Finland have enabled us to set up a unique Nordic platform, where we can provide cross-border assistance to our clients. We act as one firm and compile cross-disciplinary teams of highly skilled lawyers.

In the Nordics, we have 550 lawyers organised in sector groups, which share experience and discuss market tendencies across national borders. This contributes to ensuring the key qualifications required, locally as well as globally.
