

## Schrems II and other data privacy legislation -- what's a tech company to do?

29 September 2020

In this episode, DLA Piper's Victoria Lee, Co-Chair of the firm's Global Technology Sector, talks with Andrew Serwin, US and Global Co-Chair of the firm's Data Protection, Privacy and Security Practice, about implications of Schrems II and other recent data privacy legislation, and how technology companies can navigate the ever-changing landscape of global privacy regulatory issues.

Listen to the Beyond the Curve podcast on iTunes, Stitcher, and Spotify.
