Finance and Markets Global Insight Series

2018 brings a wealth of regulatory change which has been long in the making and is now finding its way into the law of European Member States, including for the time being, the UK. In this issue we look at the impact of a number of important new regulatory frameworks for capital markets transactions in the EU, including how the securitization regulations will effect CLOs and proposed RTS on risk retention and homogeneity. We also reflect on MiFid II, which came into effect on 3 January 2018 presenting a second overhaul of the European financial system.
