DLA Piper provides the full range of tax services that address the challenges of international commerce and business operations.

With more than 370 tax advisors in offices throughout the world, we help multinational companies address the complex challenges of international commerce and business operations as well as manage and resolve tax disputes.

Companies operating in the global economy experience complex tax issues, both in their home country and in the jurisdictions in which they do business; this requires a coordinated global delivery of services incorporating both knowledge of national legislation, including tax treaties, as well as the appropriate international perspective.

Our global tax group also assists clients in structuring a wide range of transactions, from private equity deals to corporate acquisitions and disposals.

We provide these international tax services while at the same time offering clients the benefits of the attorney-client and work-product privileges.

Our tax lawyers draw upon the experience of colleagues in numerous areas of law, including intellectual property and technology, corporate and finance, real estate, employment and employee benefits.

In addition, DLA Piper's practices in such areas as regulatory and EU competition, public affairs and government affairs further strengthen the capabilities of our tax practitioners, resulting in fully integrated advice to our clients.

GST to be removed from Bitcoin transactions – how best to fix the "double taxing" of digital currency?

1 APR 2016

The Treasurer, Scott Morrison, recently announced that the Government is committed to working with the FinTech industry on legislative solutions for the GST "double tax" issues that can arise on domestic transactions involving digital currencies such as Bitcoin.

In this update we outline the issues that the Government and industry will need to consider as a part of any reform process. Given the "Netflix Tax" is intended to apply from 1 July 2017, and would apply to relevant inbound supplies of digital currency, any reforms should ideally commence prior to that date.
