

Technology Transactions and Strategic Sourcing

Our global technology transactions and strategic sourcing lawyers have the market knowledge, legal experience and global presence to provide you with the highest quality legal services throughout the world.

Recognized by the legal directories as one of the preeminent practices and with vast global reach, our technology transactions and strategic sourcing practice concentrates on complex transactions and multi-party, high-value project work which frequently spans multiple jurisdictions. We focus on the development, protection, exploitation and use of intellectual property and technology-related assets through the stages of a company's growth, as well as the sourcing of strategic assets and services for use in a company's operations.

Our team has deep industry experience in a variety of sectors, allowing us to provide practical advice and innovative solutions along with market leading technical know-how. Our clients range from emerging companies to large global corporations.

Core areas include:

- Cloud computing
- e-Commerce
- IP development
- Licensing
- Open source
- Outsourcing
- Procurement
- Strategic alliances and joint ventures
- Technology transactions
- Telecommunications

Our proprietary ASCENDANT methodology and its associated unique software tools continue to differentiate us in the market and allow us to deliver services cost efficiently to clients around the globe.

Our **Global Sourcing Portal** is an information gateway for both private and public companies that are involved with strategic sourcing initiatives including the outsourcing of key operations. Clients use the Global Sourcing Portal to access a range of proprietary tools that DLA Piper has developed while working on some of the world's largest, most complex sourcing projects. These tools include:

Sourcing Contract Dashboard - An interactive, web-based contract assessment and reporting tool that answers the question "how good is this outsourcing contract compared to the market?"

Requirements Builder - An interactive tool that streamlines the critical "requirements capture" process at the start of outsourcing projects.

EXPERIENCE

- Advising one of Ireland's "pillar banks", on its outsourcing of core IT infrastructure services (following a competitive procurement process involving Atos, HP, HCL Technologies and IBM). We advised the bank throughout the process to final contract award and have since advised the bank on a number of other major sourcing engagements.
- Advising the world's largest travel and tourism company on the outsourcing of its IT, networks and main frame services to Dell, Wipro, T-Systems and IBM.
- Representing one of the world's largest beverage companies in connection with the global outsourcing of the company's finance, accounting, human resources and related information technology processes and functions in a deal valued at US\$350 million. This US- based deal involved UK and some additional European companies.
- Handling the strategic sourcing of certain call-center functions along with a complex transformation-driven outsourcing of a US-based telecommunications client's global order management functions. The transaction value was more than US\$350 million.
- Advising an Australian Government Department in relation to the outsourcing of the management of the Australian Synchrotron to the Australian Nuclear Science and Technology Organisation.
- Advising a leading Brazilian investment bank on their acquisition of the GlobeNet submarine cable network from Brazilian telecoms operator Oi in July 2013. At around US\$750 million this was one of the largest ever submarine cable acquisitions and our involvement focused on the critical capacity leaseback contract as well as on all the US regulatory elements.
- Advising a global Bank on the outsourcing of its worldwide payroll services, temp/permanent recruitment, and learning/training functions (combined value in excess of US\$1 billion).

14 MAY 2019

DLA Piper announced today the launch of its Artificial Intelligence practice, which will focus on assisting companies as they navigate the legal landscape of emerging and disruptive technologies, while helping them understand the legal and compliance risks arising from the creation and deployment of AI systems.

DLA Piper announces partnership promotions for 2019

1 APR 2019

DLA Piper is proud to announce that 77 lawyers have been promoted to its partnership. The promotions are effective as of April 1, 2019 in the United States and May 1, 2019 for EMEA and Asia Pacific. The promotions were made across many of the firm's practice areas in 43 different offices throughout 20 countries.

DLA Piper successfully defends Samsung Electronics against Dyson

29 MAR 2019

DLA Piper acted on behalf of Samsung Electronics GmbH to lift a temporary injunction obtained by Dyson AG in January 2018 from the District Court of Düsseldorf. The injunction prohibited Samsung from making certain advertising statements for battery-powered vacuum cleaners. As some of the prohibited statements were also on the packaging this led to a de facto ban on the sale for the battery-powered vacuum cleaner.

DLA Piper hosts leading business and diplomacy conference

14 MAR 2019

DLA Piper's London office has hosted the Annual Conference of the International Diplomatic and Business Exchange (IBDE).
