

Technology

DLA Piper works with many of the world's leading technology companies, offering advice throughout a broad range of areas - from corporate transactions to IP protection, patent law and litigation, and including regulatory, compliance, employment and contracting issues.

DLA Piper's global technology sector lawyers work across practice areas and offices to support technology clients wherever they do business. From startups to fast growing and mid-market businesses to mature global enterprises, our clients are companies that develop or create technology, are enabled by technology, or whose business model is fundamentally based on technology. Our technology sector clients include companies in the following areas:

- Software
- Computer hardware
- [FinTech](#)
- PayTech
- InsureTech
- [PropTech](#)
- [Artificial intelligence and robotics](#)
- [Blockchain](#)
- [Unmanned Aerial Systems and Unmanned Aerial Vehicles](#)
- [Telecommunications](#)
- Games and entertainment
- Online commerce and new media
- IT and outsourcing services
- CleanTech
- Semiconductors

We advise technology companies throughout the business life cycle. We help startups get organized and funded and assist both growing and established technology companies in employment matters, commercial and technology transactions and IP patent protection strategies.

Continued growth means a steady need for legal support in such areas as M&A, IPOs and dispute resolution. As companies expand their business internationally, we help with international tax planning, regulatory compliance, establishment of new entities and compliance with local laws for employment, benefit plans and company policies. For the largest companies, we partner with in-house legal departments, providing additional experience and capacity to address all these areas.

Triple Point Technology v PTT Public Company Ltd [2019] EWCA Civ 230

16 December 2019

This case illustrates how carefully liquidated damages clauses need to be drafted. The Court of Appeal found that a particular liquidated damages clause for delay did not apply to an abandoned IT project (abandonment being a different scenario than late completion). It also commented that, where delay liquidated damages do apply, it is possible for them to continue to accrue after contract termination until a replacement supplier completes the work. The case is also a reminder to consider whether liquidated damages operated within, or outside of, the general liability cap.

Isn't the whole point of a black box to tell you exactly what happened? AI's explainability conundrum.

19 April 2019

Sitting at 36,000 feet over the Atlantic writing this article, I'm unusually aware of the traditional use of the phrase "black box:" an aircraft's flight data recorder, there to let investigators understand what went awry should the worst happen. It seems odd that a device whose purpose is to provide an explanation should so often be called upon as a metaphor for the unexplainable.

Asian businesses will be impacted by new EU data protection regulation

24 MAY 2018

The territoriality of the new European data protection framework will be significantly extended once the General Data Protection Regulation (GDPR) comes into force on May 25, 2018, potentially impacting Asian companies doing business in the EU. Given the heavy sanctions (up to €20 million or 4 percent of the annual global turnover, whichever is higher) and the risk of reputational damage for non-compliance, businesses in Asia need to get up to speed with the GDPR requirements to adapt their practices and strategy accordingly.

Global Financial Markets Insight - Issue 10, 2016

28 JUL 2016

FINANCE AND MARKETS GLOBAL INSIGHT

On 23 June 2016, the UK electorate voted to leave the European Union in a so-called Brexit referendum. The exit result was a surprise for many working in the finance sector. The change will impact the position of the UK under critical legislation such as the Capital Requirements Regulation, European Market Infrastructure Regulation, Market Abuse Regulation and many other Regulations and Treaties applicable in the UK. We will also see a change as to the role of the UK in significant market initiatives such as the Capital Markets Union. It is likely that these changes will present both threats and opportunities. Until policy is clearer, we will comment on some of the existing challenges caused by EMIR and similar EU Regulations.

GST to be removed from Bitcoin transactions – how best to fix the "double taxing" of digital currency?

1 APR 2016

The Treasurer, Scott Morrison, recently announced that the Government is committed to working with the FinTech industry on legislative solutions for the GST "double tax" issues that can arise on domestic transactions involving digital currencies such as Bitcoin.

In this update we outline the issues that the Government and industry will need to consider as a part of any reform process. Given the "Netflix Tax" is intended to apply from 1 July 2017, and would apply to relevant inbound supplies of digital currency, any reforms should ideally commence prior to that date.
