

Technology

DLA Piper works with many of the world's leading technology companies, offering advice throughout a broad range of areas - from corporate transactions to IP protection, patent law and litigation, and including regulatory, compliance, employment and contracting issues.

DLA Piper's global technology sector lawyers work across practice areas and offices to support technology clients wherever they do business. From startups to fast growing and mid-market businesses to mature global enterprises, our clients are companies that develop or create technology, are enabled by technology, or whose business model is fundamentally based on technology. Our technology sector clients include companies in the following areas:

- Software
- Computer hardware
- [FinTech](#)
- PayTech
- InsureTech
- [PropTech](#)
- [Artificial intelligence and robotics](#)
- [Blockchain](#)
- [Unmanned Aerial Systems and Unmanned Aerial Vehicles](#)
- [Telecommunications](#)
- Games and entertainment
- Online commerce and new media
- IT and outsourcing services
- CleanTech
- Semiconductors

We advise technology companies throughout the business life cycle. We help startups get organized and funded and assist both growing and established technology companies in employment matters, commercial and technology transactions and IP patent protection strategies.

Continued growth means a steady need for legal support in such areas as M&A, IPOs and dispute resolution. As companies expand their business internationally, we help with international tax planning, regulatory compliance, establishment of new entities and compliance with local laws for employment, benefit plans and company policies. For the largest companies, we partner with in-house legal departments, providing additional experience and capacity to address all these areas.

Third edition of *The Price of Data Security*, a guide to the insurability of GDPR fines across Europe

27 May 2020

We've partnered with global broker Aon for the third year running for the updated edition of *The Price of Data Security*, a guide to the insurability of GDPR fines across Europe that includes common issues faced by organisations in international cyber scenarios and illustrated with practical case studies.

GDPR has undeniably revolutionised the data protection regime and significantly affects how organisations worldwide collect, use, manage, protect, and share personal data that comes into their possession – with significant fines for non-compliance. Within the last year alone, a EUR18 million fine was issued against a national postal operator and a EUR14.5 million fine against a real estate company.

APAC employment issues arising out of the Coronavirus (AsiaPac)

31 January 2020

On 29 January 2020, the number of confirmed cases of the rapidly spreading coronavirus in Mainland China officially surpassed the figure seen during the 2002/2003 SARS epidemic.

Multinationals with local operations around the APAC region have been significantly affected. As staff return to the office following the Chinese New Year holiday period, businesses are now considering what they can do to minimise any risk to health and safety and support staff through this challenging period where anxiety and uncertainty is rife, whilst at the same time complying with their employment obligations and maintaining business continuity. Putting in place detailed business and contingency plans and ensuring careful communications with staff to address key topics and concerns is key, as is keeping such plans and communications under frequent review given the fluidity of the current situation.

This alert considers some of the key issues that HR and business leaders should be considering across the APAC region.

Triple Point Technology v PTT Public Company Ltd [2019] EWCA Civ 230

16 December 2019

This case illustrates how carefully liquidated damages clauses need to be drafted. The Court of Appeal found that a particular liquidated damages clause for delay did not apply to an abandoned IT project (abandonment being a different scenario than late completion). It also commented that, where delay liquidated damages do apply, it is possible for them to continue to accrue after contract termination until a replacement supplier completes the work. The case is also a reminder to consider whether liquidated damages operated within, or outside of, the general liability cap.

FINANCE AND MARKETS GLOBAL INSIGHT

On 23 June 2016, the UK electorate voted to leave the European Union in a so-called Brexit referendum. The exit result was a surprise for many working in the finance sector. The change will impact the position of the UK under critical legislation such as the Capital Requirements Regulation, European Market Infrastructure Regulation, Market Abuse Regulation and many other Regulations and Treaties applicable in the UK. We will also see a change as to the role of the UK in significant market initiatives such as the Capital Markets Union. It is likely that these changes will present both threats and opportunities. Until policy is clearer, we will comment on some of the existing challenges caused by EMIR and similar EU Regulations.
