Chung Wei advises public and private companies on business and technology-related transactions. He assists clients with structuring, negotiating and documenting intellectual property license agreements, joint research and development agreements, Internet-related business agreements, software as a service (SaaS) transactions, OEM agreements, distribution agreements, manufacturing and supply agreements and other commercial transactions involving intellectual property assets.

In addition, Chung counsels technology and emerging growth companies on corporate formations, venture financings, joint ventures, strategic transactions and mergers and acquisitions.

His clients come from a broad range of industries, such as software, social networking, mobile applications, hardware and life sciences.
