

TechLaw Event Series

[#TechLaw](#)

15 December 2015
8:30 AM - 5:00 PM CST
DLA Piper Hong Kong
25th Floor
Three Exchange Square
8 Connaught Place
Central
Hong Kong
Kumaŭ

The rapid pace of change within the technology industry is affecting the way we work, do business and how we interact with each other. TechLAW aims to look at the key drivers to that change, offering insight and expertise on how to best manage these fast paced developments.

Hear from our experienced lawyers and industry panels and have your chance to ask questions and share experiences with others in the sector.

We are pleased to confirm special guest speaker Mr Allan Chiang, SBS, Former Privacy Commissioner for Personal Data. Mr Chiang will discuss the 'Privacy Implications of Big Data and Internet of Things'.

Other topics will include:

- Internet of Things
- Building the future of digital marketing
- In an era of cyber anarchy, is it time for enhanced employee monitoring
- Mitigating cybersecurity risks
- Tech exits through mergers and acquisitions or IPOs
- Global sourcing trends

This seminar is free and aimed at managers and legal counsel in the technology sector.
