Technology impacts every part of our global economy. As a global law firm with a progressive mindset, DLA Piper thrives on helping our clients succeed in this transformative economy.

We work with many of the world's leading technology companies. From start-ups to fast growing and mid-market businesses to mature global enterprises, our clients are companies that develop or create technology, are enabled by technology, or whose business model is fundamentally based on technology.

With a team at the forefront of the technology sector, we benefit from seeing the impact of technology on our clients and harness that knowledge in delivering services in Australia.

TechLaw is dedicated to providing in-house counsel, commercial teams and company leaders with knowledge and tools to facilitate journeys through innovation and disruption. Our conference program includes a diverse mix of legal and commercial topics delivered by DLA Piper lawyers and leading industry experts.
