

## Using AI to monitor your compliance risks

31 March 2022

4:00 PM - 4:20 PM BST

### **Ever wondered what adaptive AI, cartel activity and a global law firm have in common?**

We would be delighted to tell you. Join us for a twenty minute webinar to find out.

Businesses across the globe have felt the impact of illicit cartel activity, which can include fines of up to 10% global group turnover, job losses and reputational damage. On Thursday 31 March DLA Piper will be hosting a live broadcast to showcase one of our unique tools, Aiscension, which we created to strengthen your business' competition compliance strategy.

In this 20 minute session you will:

- Learn more about this market leading and award winning compliance offering.
- Virtually meet Ilan Sherr, the Executive Director the executor of the tool.
- Ask questions.
- Hear the experience of a global brand in our Case Study report.
- Find out how this tool will reinforce your compliance approach and keep you on the right side of the regulator.

Can't make it but keen to know more? Read our [case study](#) to see just how powerful Aiscension is, or get in touch with the Aiscension team.
