Charlotte Baker practices in the area of investment funds law, with experience across a broad range of matters from both fund manager and investor perspectives, including advising international fund managers and global investors on the structuring and establishment of funds and fund restructurings

(contentious and non-contentious), with respect to a wide diversity of fund types and strategies. Her work includes acting for a variety of institutional investors including national and international development finance institutions, pension funds and investment banks, investing into private equity, venture capital, real estate and debt funds.

- Investment Management and Funds

-
- Advising a consortium of development finance institutions on their investments in a Mauritius-based investment fund focused on investments in Africa.
 - Advising an international bank on its investment into multiple funds, including private equity, infrastructure and real estate.
 - Advising a consortium of development finance institutions on the restructuring of a fund based in Malta.
 - Advising a sovereign wealth fund on its investment into multiple funds, including private equity and real estate.

Prior Experience

- Charlotte joined DLA Piper in March 2021 from the London office of an international law firm.

Recognitions

- Participated in 24-hour coding "hackathon" in London with the aim of creating tools to support an online courts system.

Education

- University of Law, MSc, 2016
