Malwina Bonder is experienced in corporate and civil law, advising clients from various sectors on their day-to-day legal issues. She also supports foreign entities in commencing their business activities in Poland, assisting in the establishment of companies and branches (including preparing all the required corporate documentation), facilitating registration proceedings, and drafting templates of customer agreements.

As a member of the Payment Services and FinTech teams, Malwina advises clients on various related aspects of their operations in Poland.

She prepares templates of customer documentation and key customer agreements, as well as negotiating the terms of cooperation agreements with contractors. She has assisted in the acquisition of a payment processing business in Poland and has also advised on M&A processes involving banks and payment institutions.

Malwina has worked on a number of global reorganisation and restructuring processes and has also been seconded to several clients to provide dedicated legal services.
