Alessandro has a wide experience in regulation and competition, both on transactional and contentious matters, with a focus on technology, life sciences, telecommunications and network industries.

He has extensive experience in assisting clients in proceedings before regulatory and antitrust authorities as well as in regulatory and antitrust advice and litigation.

His practice also covers consumer protection issues, including the areas of unfair commercial practices and class action.

He advises leading Italian and international clients on regular basis in addition to authoring several publications within his areas of practice and regularly speaking at seminars and conferences.

Publications

Third country subsidies – levelling the playing field

11 July 2022

On 30 June 2022, the European Parliament and EU Member States reached a political agreement on the Foreign Subsidies Regulation. The European Commission will be able to initiate investigations 6 months and 20 days after the FSR will have entered into force, the notification obligations for the companies will become effective three months later.

New Italian class action regime enters into force

26 May 2021

On May 19, 2021, the reform of the Italian legal framework on class actions finally entered into force. The new rules, designed by Law n. 31 and published on April 18, 2019, (Law n. 31/2019), were initially intended to become effective on April 19, 2020, but had been delayed twice.
