Philip specialises in the resolution of complex commercial disputes. He has a wealth of experience in resolving important contentious matters for clients. He has focused for over 25 years on international dispute resolution. He has dealt with disputes and managed proceedings in numerous jurisdictions throughout the world. As well as international arbitration and litigation, his experience covers mediations and expert determinations.

- Litigation, Arbitration and Investigations
- International Arbitration
- Antitrust and Competition

His expertise in resolving disputes encompasses several industries including energy, infrastructure and transport and includes complex technical disputes. He regularly manages large-scale disputes in these sectors across multiple jurisdictions.

- Acting for Russian state-owned gas company Gazprom in a series of multi-billion US dollar SCC arbitrations with a Stockholm seat and related court proceedings against Ukrainian state-owned Naftogaz concerning long term contracts for the supply of natural gas and separate long term contracts for the transit of natural gas through Ukraine to European off-takers.
- Acting for a government in a claims resulting from the termination of EPC contracts in connection with a multi-billion dollar project to upgrade a commuter rail system.
- Acting for a major Chinese oil company in connection with a dispute over the termination of a contract to construct infrastructure for the development of an oil field in the Middle East.
- Representing a Chinese oil and gas enterprise in a dispute against a global energy company in relation to a shareholders agreement governing their joint venture relationship in Latin America.
- Acting in a Swedish Law, Stockholm seat arbitration for a joint venture gas trader in a multibillion US dollar dispute involving the supply of gas to a Hungarian energy company.
- Acting for a major Central Asian oil and gas company in connection with a dispute over a project relating to the construction of a jack-up drilling rig including claims for delays and variations and design responsibility.
- Pursuing a claim for a Russian oil company in an LCIA arbitration relating to the termination of a contract to convert a vessel into a

drill-ship.
