We are delighted to announce that DLA Piper has sponsored the 2nd edition of Creditflux's 'Guide to CLOs'.

The guide is a fully updated and accessible, comprehensive resource on the market for collateralized loan obligations, and includes contributions from DLA Piper finance partner, Ronan Mellon.

DLA Piper's global CLO and Credit Fund team has deep experience representing large, mid-sized and startup managers of CLOs and other credit funds in all aspects of their business.

Our strength in the market is evidenced by our long-standing relationships with CLO and credit fund arrangers, asset managers and investors. Creditflux, Chambers USA and Legal 500 have ranked DLA Piper among the leading law firms involved in CLO securities.

Learn more about our work by contacting partners Ronan Mellon (London) or Rich Reilly (New York).
