

Family Business

Family businesses continue to form a significant segment of the Middle East economy and as the region continues to grow and diversify, so do their advisory needs.

From ownership and management structures to mergers and acquisitions and divestment and exit strategies, our team of lawyers from across our practice groups are well placed to support family businesses from a wide range of industry sectors, helping them to achieve their business objectives and overall commercial success.

Administrative restructuring in Saudi Arabia as it continues to focus on Vision 2030

2 March 2020

SAGIA, MoCI, sports and tourism authorities and other entities reformed as ministries, human resources and social development consolidated. A number of Royal Orders enacted on 01/07/1441 H (corresponding to Tuesday 25/02/2020 G) have made significant changes to a range of well-known government entities.
