Adam Haque assists government authorities, private sector developers, international contractors and a diverse group of lenders to major power, water and infrastructure projects in the Middle East.

Adam regularly advises on structuring, preparing and responding to competitive procurement processes, negotiates concession agreements, construction contracts and operating agreements, reviews regulatory regimes and provides strategic advice in relation to joint venture and shareholding arrangements. Having acted in projects across every GCC state and into North Africa, Adam has a deep understanding of the key risk allocations underpinning infrastructure development in the region.
