DLA Piper's global corporate lawyers support the world's leading enterprises, emerging startup companies and financial institutions in their development and investment activities.

From mergers and acquisitions (M&A) and venture capital to private and public equity and debt offerings, we assist clients through all stages of their transactions to ensure successful deal outcomes.

As a full-service global business law firm, DLA Piper provides a complete range of business legal services in all of the jurisdictions in which we operate.

Our clients benefit from a valuable combination of global insight and local knowledge that allows us to handle all aspects of complex domestic and cross-border corporate transactions. Understanding the industry and the day-to-day issues faced by our clients is critical to our success.

That is why alongside their legal experience, our corporate lawyers have additional industry-specific focus - whether it is Banking, Energy, Healthcare, Hospitality and leisure, Insurance, Life sciences, Manufacturing, Technology or other sectors.

Furthermore, in addition to the corporate lawyers with primary transactional responsibility, our deal teams include sophisticated practitioners with experience in key practice areas, such as Corporate governance, Intellectual property, Technology, Antitrust, Compensation, Tax, Financial services, Regulation, Employment, Pensions, Securities compliance, and Real estate.
