Fraudulent concealment fails in failure to disclose case

1 June 2021

In *Geophysical Service Incorporated v. Total SA*, 2020 ABQB 730, the Court interpreted the scope of fraudulent concealment under section 4(1) of the *Limitations Act*, RSA 2000, c. L-12. In particular, the Court assessed whether a failure to notify a counterparty of its breach of contract constituted "fraudulent concealment," thereby extending the limitation period under the *Limitations Act*.
