Jordan Levy is an employee incentives lawyer who helps companies set up and operate incentive plans. He specialises in advising on the global legal, regulatory and tax issues which apply in each jurisdiction where an incentive plan is used.

In order to make it easier for clients to obtain and implement global legal and tax advice, Jordan has developed an online platform called DLA Piper Lookout.

His clients are not sector specific and include listed and unlisted companies across Europe and the US.

Jordan has been on two client secondments whilst at DLA Piper which has given him practical experience in how companies operate their incentive plans.

Jordan has presented with clients at the Global Equity Organization and ProShare industry conferences.
