Antonio Lombardo has gained significant experience in finance law, advising leading financial institutions in corporate lending structured finance, acquisition finance and other finance and restructuring matters.

He is engaged in domestic and international M&A, distressed M&A, corporate private equity and venture capital transactions. He is also involved in international projects such as cross-border acquisitions and financings, joint ventures and public bids.

Antonio is a frequent speaker at conferences and events in Italy and abroad on restructuring, distressed M&A and cross border transactions.

He is regularly present with interviews and comments in leading national newspapers.

He is qualified to practice before the higher courts in Italy.
