Mattias Luukkonen is a corporate attorney with extensive experience advising clients in the life science industry on technology transactions, mergers and acquisitions, venture capital financings and general corporate matters.

Mattias represents companies in all stages, from early stage start-ups to major pharmaceutical corporations, on complex domestic and international transactions. His practice includes structuring, drafting and negotiating strategic alliance, licensing, research and development and clinical agreements, along with commercial agreement on both the supply and distribution side. In addition to serving as outside counsel to clients, Mattias has served as General Counsel to two life science companies.

Prior Experience

Mattias was an associate with the firm from 2007 to 2012, when he joined a forensic DNA technology company as their first General Counsel. After the company's successful acquisition, Mattias joined a privately held biopharma company as its Chief Legal Officer, where he advised on pipeline acquisitions and in-licensing, as well as the establishment of global clinical trials for the company's late stage drug candidate.

Prior to law school Mattias was a molecular biologist and did his post-doctoral training at Johnson and Johnson. After law school, Mattias clerked for the Honorable Barry T. Moskowitz before joining the corporate department of a global law firm.
