Ryan Murphy is an associate in the Finance, Projects & Restructuring team based in Dubai.

Ryan is experienced in advising both borrowers and lenders across various sectors. He is experienced in debt finance, acquisition finance, corporate finance and project finance transactions. Ryan has also acted for procurers, sponsors, lenders and contractors in structuring, preparing and responding to procurement processes, construction contracts and operating agreements.

- Finance
- Projects, Energy and Infrastructure
- Restructuring

- Financial Services

-
- Advising NMC Healthcare Limited (in administration) in relation to various matters ancillary to the ongoing administration proceedings.
 - Advising Port Development Company (a JV between a subsidiary of the Saudi Binladin Group and Emaar, The Economic City) in relation to the SAR 2.5 billion project financing of a port at King Abdullah Economic City.
 - Advising Mediclinic (a FTSE 100 listed company) in relation to a USD 300 million syndicated facility.
 - Advising a large regional pharmaceutical company in relation to a USD 280 million multi-tranche facility.
 - Advising Boubyan Bank on several facilities including a refinancing for the acquisition of a land and building leased to Hartland School and advising on several interbanking facilities.
 - Advising Gulf Finance House on their multi-tranche Islamic financing of the acquisition of The Entertainer business and continuing financing restructuring.
 - Advising Oman Power and Water Procurement Company in relation to the USD 2.5 billion development of two independent power projects at Ibri (1500MW) and Sohar (1700MW).
 - Advising Oman Power and Water Procurement Company in relation to two independent water projects at Barka (280,000m³/day) and Sohar (250,000m³/day). The procurement was run simultaneously and involved the joint award of two IPPs to one developer consortium and separate awards of the IWPs to two developer consortiums.
 - Advising Oman Power and Water Procurement Company in their "Water 2021" procurement for one IWP servicing the Muscat region.
 - Advising Bee'ah on the development of their new headquarters building, designed by Zaha Hadid Architects.
