Milan Chamber of Arbitration Simplified Arbitration procedure

9 November 2020

By Nicola Naccari

On July 1, 2020, the Simplified Arbitration procedure introduced by the Milan Chamber of Arbitration (CAM) came into force with the aim of "offering companies and citizens a leaner and faster procedure to solve disputes, with a cheaper price list." Nicola Naccari

Supreme Court, 31 May 2019, no. 14884

10 April 2020

"The arbitrators' jurisdiction, except for any very precise legal limits, extends to any aspect of the contractual case brought to their cognizance, including the verification of the simulated nature of the same contract, since this is a circumstance relevant for the purposes of establishing whether and to what extent the claim made by one party is well-founded."
