emilio.ragosa@dlapiper.com

New Jersey (Short Hills)

T: +1 973 307 3004

F: +1 973 215 2804

Emilio Ragosa counsels clients on securities offerings, mergers and acquisitions and venture capital transactions.

- Droit des sociétés

His practice focuses on clients within the life sciences and technology industries.

Emilio's clients include private and public companies, as well as venture capital firms, private equity firms, family offices and underwriters.

His experience makes him uniquely capable of advising clients from formation through capital raising until a sale or IPO.

Emilio also serves as the Managing Partner for DLA's New Jersey offices.

His experience includes the following representations:

Securities Offerings

- IPOs for several biotech companies, as well as many underwritten follow-on public offerings
- Several biotech companies with their recent PIPE deals, RDOs, ATM and equity-line offerings
- Several multinational pharma companies in connection with their strategic investments in US public companies
- A medical device company in a reverse merger, now commonly referred to as an alternative public offering
- Several funds in PIPEs and RDOs
- Underwriters in a specialty pharma IPO

Mergers and Acquisitions

- A private biotech company in its sale to a large pharma company for up to US\$7 billion
- Combination of a public biotech company client with private biotech and subsequent up-listing on stock exchange
- An Italian specialty pharma company with its acquisition of a US public specialty pharma company
- A public biotech company in its sale to strategic buyer

- A public company in its sale to private equity firm
- A public clinical research organization in several private acquisitions of e-clinical companies
- A public clinical research organization in a public tender offer of a public EDC company
- Multiple private tech and biotech companies in their critical sale transactions

Private Placements

- Private tech and biotech companies with their successful angel and venture financings
- Venture capital firms and other funds with their investments in tech and biotech companies
- Pension funds with investments in private companies
