

Real Estate Litigation

Contentious issues can arise in even the most carefully managed real estate portfolios. Our real estate litigation team has the market understanding to offer legal advice about those issues that reflect our clients' business needs.

When issues arise, we can identify and execute the most advantageous business-oriented solutions, either by pursuing or defending litigation or arbitration proceedings or through other alternative dispute resolution methods, such as mediation or negotiations.

In addition to their acute dispute resolution function, our real estate litigators fulfill an advisory role in relation to both high value and complex transactional work and day-to-day portfolio management issues, ranging from covenant and/or rights disputes on city center development sites to landlord and tenant issues such as the enforcement of tenant repair obligations.
