Some of the most significant cross-border matters we have recently worked on are set out below:

- Abengoa – Represented Abengoa US Holding LLC and affiliates, the US unit of Spanish renewable energy company Abengoa SA, in its chapter 11 and chapter 15 petitions in the US Bankruptcy Court for the District of Delaware in Wilmington. Also represented US Abengoa SA with the approved sale of five ethanol plants in Indiana, Illinois and Nebraska for more than US\$355 million.
- China Fishery Group Limited – Represented Rabobank, Standard Chartered Bank and DBS in connection with the multijurisdictional restructuring and insolvency proceedings of China Fishery Group Limited, one of the world's largest producers of fish oil and fishmeal. DLA Piper successfully sought the appointment of a chapter 11 trustee over one of the key entities in the US bankruptcy proceedings in the Southern District of New York.
- Trident Microsystems – Representing Trident Microsystems, Inc., a chip and software company, in its filing for chapter 11 in the US Bankruptcy Court for the District of Delaware and the sale of Trident's set-top box business unit to Entropic Communications in exchange for the assumption of obligations and US\$55 million in cash, the sale of Trident's TV business unit to Sigma Designs in exchange for the assumption of obligations and for US\$30 million, and the winding-up of Trident's 16 foreign subsidiaries located in 11 different countries. The 2013 M&A Advisor International Awards honoured us with the 'Corporate/Strategic Acquisition of the Year' award (over US\$50 million to US\$100 million) for the sale of Trident Microsystems.
- Dawnay Day – Advising Norwich Union (now Aviva), the largest senior lender, and BDO Stoy Hayward as administrators on the restructuring of Dawnay Day, a global real estate and financial services conglomerate with assets of £1 billion.
- Nortel Networks Canadian Creditors Committee – Engaged as US and cross-border counsel to the Nortel Networks Canadian Creditors Committee in the multi-nation insolvency proceedings of Nortel's Canadian parent and its US and EMEA affiliates, including their dispute over how \$7.3 billion in global asset sale proceeds should be allocated among them.
- Lexi Holdings – Advising a syndicate of UK banks and KPMG as administrators in the restructuring/insolvency of Lexi Holdings. The company was defrauded of approximately £50-70 million. We obtained judgments against 18 parties, committed the main director behind the fraud to prison, and recovered approximately £40 million in real estate worldwide.
- Ineas – Advising on the administration of Ineas, a pan-European online car insurance company. This was one of the largest insolvencies of an insurance company in Europe in recent history. We worked closely with the Dutch Central Bank and the Dutch Financial Supervision Authority with regard to the treatment of insurance policies, continuation and/or transfer of activities and the application of guarantee funds.
- Solar Enertech Corp – Advising on the restructuring of Solar Enertech Corp, a US-headquartered solar product manufacturer with Asian operations in Hong Kong and Shanghai. We were appointed, in conjunction with FTI Consulting, to restructure both the parent company and its subsidiaries.

CAPABILITIES

We counsel clients on all aspects of restructuring and insolvency/bankruptcy, whether in anticipation of them or in dealing with their consequences.

We advise clients on:

- Debt and asset tracing and recovery
- Disposals, including pre-packaged solutions, distressed M&A and real estate workout
- Distressed debt trading
- Financial restructuring
- Formal insolvency/bankruptcy procedures and creditor committee representation
- Insolvency/bankruptcy-related investigation, litigation and enforcement
- International restructuring and reorganisation strategy and procedures
- Operational restructuring
- Re-organisation of businesses and group company structures on a non-distressed basis
- Refinancing and fundraising
- Security enhancement

EXPERIENCE

We advise clients across a wide range of industry sectors and have particular strength in energy, financial services, healthcare, hospitality and leisure, real estate, retail, sports, technology and transportation.

Some significant restructuring matters we have recently worked on include:

- A'ayan Leasing and Investment Company – Advising on its complex restructuring, which has led to its acceptance under the Financial Stability Law of Kuwait. This matter involved a number of innovative restructuring techniques, which have been tailored to work within a Kuwaiti legal and regulatory context. Our ability to provide a cross-regional team with all of the Islamic structuring experience required on this deal was a significant commercial benefit to the client.
- Dubai developer – Advising a major Dubai developer on its contractual arrangements in respect of a number of its projects, including: advising on the impact of recent legislative changes in Dubai and, in particular, Law No. 13 of 2008 relating to the interim real estate register; documenting variations to the existing purchase terms, including varied arrangements in relation to the payout of funds from the escrow account; and advising the client on the impact of proceedings brought in the real estate court in relation to termination of existing contracts.
- Family Business Reorganisation – Acting for a significant Middle Eastern business family in relation to the non-distressed reorganisation of its multiple business group and structure.
- International Investment Group (IIG) – Advising IIG in relation to the restructuring of its Shari'a compliant facilities and capital markets issues. We dealt with a number of bilateral, syndicated and sukuk creditors with differing and competing interests. We advised on innovative ways to restructuring the debt, due to a large number of creditors under a large number of facilities and certificates, in a Shari'a compliant manner and within the constraints imposed by the relevant facilities and sukuk documentation.
- Kuwait Finance House – Our team was mandated by Kuwait Finance House (KFH), one of the world's largest Islamic banks, to work in conjunction with their financial advisors to develop and implement strategies for the restructuring and turnaround of a number of underperforming assets held by KFH. This multijurisdictional instruction involved advising on local litigations, cross-border arbitration, restructuring agreements, debt refinancing and employment and corporate governance issues. In light of the tight Central Bank of

Kuwait deadlines for resolving financial issues for licenced investment companies, our team had to take a fast acting and flexible approach to its role.

- Major Private Company Group – Advising the Steering Committee of the largest private group of companies in Qatar in relation to a debt restructuring. This involved creating a structure akin to a debt-for-equity swap, which was the first of its kind in the Middle East.
- Local bank – Reviewing the entire distressed lending portfolio of a local bank. We assisted in restructuring a number of such lends and, where necessary, took appropriate recovery measures.
- International and local banks – Advising international and local banks on their documentation and drafting and providing advice in relation to their loan, security and over-the-counter derivatives documentation.
