Lisa Targowska has 13 years' experience and advises on data protection, privacy and cyber security law. She advises clients across a wide range of sectors, notably those in the financial services, technology and government sectors. Lisa has previously held General Counsel and Data Protection Officer roles, before returning to private practice.

- Financial Services
- Technology

-
- Advising the Secretary of State regarding the sharing of public health and genetic data to tackle the pandemic and strategy for the delivery of data privacy services within the new UK Health Security Agency.
 - Advising regarding participation in a high profile consensual regulatory audit.
 - Advising various clients on data breach preparedness and response including advising on GDPR, policy drafting, notifications to regulators and affected individuals and defending regulatory enforcement actions and litigation.
 - Advising government and commercial clients on the development of privacy compliant products and services.
 - Advising regarding high profile regulatory investigations involving the disclosure of special category data.
 - Advising on complex international multilateral data sharing agreements involving government bodies, commercial providers and charities.
 - Advising the UK Government regarding its GDPR readiness programme, leading a team of lawyers of a 2-year period.
