DLA Piper provides the full range of tax services that address the challenges of international commerce and business operations.

With more than 380 tax advisors in offices throughout the world, we help multinational companies address the complex challenges of international commerce and business operations as well as manage and resolve tax disputes.

Companies operating in the global economy experience complex tax issues, both in their home country and in the jurisdictions in which they do business; this requires a coordinated global delivery of services incorporating both knowledge of national legislation, including tax treaties, as well as the appropriate international perspective.

Our global tax group also assists clients in structuring a wide range of transactions, from private equity deals to corporate acquisitions and disposals.

We provide these international tax services while at the same time offering clients the benefits of the attorney-client and work-product privileges.

Our tax lawyers draw upon the experience of colleagues in numerous areas of law, including intellectual property and technology, corporate and finance, real estate, employment and employee benefits.

In addition, DLA Piper's practices in such areas as regulatory and EU competition, public affairs and government affairs further strengthen the capabilities of our tax practitioners, resulting in fully integrated advice to our clients.

High Court rules BHP entities were associates

23 March 2020

On 11 March 2020, in an unanimous and landmark decision, the High Court of Australia handed down its decision on the technical meaning of “sufficiently influenced” which is used to determine who is an “associate” under Australia’s foreign income attribution rules. The decision has significant impact for large listed groups especially with a dual-listed company (**DLC**) structure and concerns the application of the Australian Controlled Foreign Company (**CFC**) rules.

Whilst the facts and future application of this case may principally be limited to the DLC type structures, the legal analysis of the definition of “associate” impacts on wider applications as this definition is used outside of the CFC provisions including the thin capitalisation rules, the debt/equity tests and the withholding tax rules.
