

Telehealth's impact on low-income communities

Shared from our Beyond the Curve podcast series

AT THE INTERSECTION OF SCIENCE AND LAW PODCAST SERIES

24 January 2022

DLA Piper's Ray Williams and Kirsten Axelsen are joined by Dr. Benson Hsu of the University of South Dakota Sanford School of Medicine for a frank discussion on disparities to engaging with telehealth and ways to better serve low income communities.

Originally recorded on March 3, 2021.
