F: +86 21 3852 2000

Simin YU has extensive experience in acting for major international and Chinese companies and financial institutions on a wide range of project development, financing and acquisition matters in China and abroad.

He regularly advises Chinese companies on their overseas projects in the power, LNG, oil and gas, petrochemical, transport and infrastructure sectors, many of which are under the BOT, BOO or other forms of Public Private Partnerships.

Simin has experience in acting for financial institutions and borrowers/sponsors on limited or non-recourse project finance in the energy and infrastructure sectors.

He is also experienced in construction law. He regularly represents project owners, contractors, engineers and other professional consultants on all aspects of construction.
